“ *This is a little late but I've been thinking this past week about my childhood with daddy. Yes it may have been hard but little did I know it was also teaching. The same way he was taught. I love the times we had when he was caring for and raising Tennessee Walkers. Remembering going to the shows in Shelbyville, TN. I still try to go to the shows that the T. ED Garrison arena has every year in Clemson. It;s nothing like the big show but they still have beautiful horses. Thank you daddy for the teachings. Now being older, I understand. Some of the things we went through I didn't agree with but that was just your ways. No, I didn't come to your funeral but I WILL see you again. Love you!!*

“ *I met Billy through the Coop, he used to come in and joke around with me. Not many people know this, but he is the reason my husband and I got together. We are thankful for the time we had with him. Love him. He will be missed!*
