“ My first celebration was my high school graduation gift from my parents. I remember when I saw Wallace it was like seeing a movie star! I had all the papers and magazines preparing for my trip and I recognized all the famous trainers and horses and couldn't shut my eyes to sleep for fear I'd miss one of them riding on the hill after the show or early morning. I've enjoyed the friendship over the years of Wallace and Laura Lou. The horse business has lost another great trainer and he will be missed by all. RIP "Cuz". I smile just thinking about what is going on in heaven this week with all of them!
