“ *My mom loved her family. She was the happiest when she was hanging out with Chelsea, Chase, Noah, and Chloe on Fridays. Every Friday for several years, we would pick up the kids and just go for the day. They loved "taking care of granny" so she didn't get lost! It was really her keeping an eye on them, but they always took such good care of her. She will be, and already is greatly missed! I love you momma! Paula*
