“ Kerry and family,

Your Mom was truly an "all star" in every sense of the words. She actually made the curtains and window treatments in my home about 45 years ago ! Her work was always very well done as the test of time demonstrates. It has not been too long ago that I saw her at some function and knew exactly who she was when she saw me and said hello !

I am sorry for your loss and understand how you feel at this moment. As fragile as they become it is still hard to let them go.

God Bless you and all your family.....

So sorry for your loss. I intended to ask you about her at the reunion last Sat. But didn't get a chance to talk to you. I always enjoyed visiting her at the Carriage House. We reminisced about the days we worked together at the Drs Clinic. We always said if we had enough smarts we could write a book about our working days there.... There is one story I would like to tell you some day that was right funny!!

God Bless you all.....
