“ I am a model car builder, who met Ricky through Fred's forum. I did not know Ricky real well, but he and I exchanged email from time to time, and visited with each other several times at the model shows. I always enjoyed talking with him, and he was a great modeler.

I was very saddened to hear of his passing, and send prayers, thoughts, and best wishes to his family and friends. I will miss him.

“ Ricky was a friend and member of our modeling forum for a number of years. Ricky was somewhat hearing impaired, and I remember one time I said something to him, when I first met him, that must have come to his ears different, because it took me some time to get him to talk to me again. I learned then to speak louder and pronounce my words more clearly. He could be quite funny at times, and I think the best time I had with him was this past year at the Murfreesboro model show, where he sat with me and another friend, just cutting up and having fun. The modeling community will miss seeing his authentic "Shot Track" race car model builds.

“ I became acquainted with Ricky shortly after his mother passed. My mother had only been dead about a year, and we shared several memories of each of our mother's. I enjoyed our little battles with each other, as I was always picking on him. He enjoyed several meals during holidays at our home. Ricky had a good heart and soul. He had many friends and enjoyed his model car shows. I will miss you Ricky. You were my biggest fan whenever you would attend my church and listen to my solo's. Goodbye dear friend.
