“ I remember one night I went to the restaurant Toot's for my birthday with my mom and friend. Riley was their with his mother so when I saw him I went up to him and he wished me happy birthday and gave me the biggest hug. When I got back to my table, he told the waitress it was my birthday. When she came to our table, she brought out some ice cream and told me it was from Riley. That's someone I will never forget. That small act of kindness really made me feel special... and that was the great thing about Riley. I pray for comfort and healing for all of his family and friends. I know for a fact he'll always live through me.

“ He was my everything. My best friend. The brother I never had but always wanted. He was my heart and soul. I'd do anything to get him back just to hear his laugh one more time, feel his tight hug one more time.. he was so amazing and so kind to everybody. He definitely didn't deserve this, and I'll never ever forget him or he was and what he stood for. He made a huge impact on my life, and I'll always keep him in my heart. I have so many memories I could name, but I'd be here for days.. I lost my best friend on December 1 2019, and that's a day I'll never forget until I take my last breath.

“ I was Riley's eighth-grade reading teacher. We had 15 minutes of silent reading everyday, and the kids could sit or lie wherever they wanted within the room. Riley would always go under my computer table, within talking distance of Eric, his friend. I would often catch him chatting, sleeping, or sneaking a text on his phone, instead of reading. I would fuss, and he would just smile, and say "Yes Maam, Yes Maam". I would love to be able to fuss at him about about that phone right now. You are loved always Ri Ri ! Mrs. Sonya Marable-Walls
