“ I don't think there is enough room on there to tell my memories Zelma was always a beautiful lady and she never went no where without looking her best. She was like a big sister to me I would stay with her I think more than home. You see that smile on her face it was always there everyday like it was painted on she took good care of herself and her children. I will never forget when my twins were born we went there a lot and they were about eight months old and she gave them coke to drink I was so scared but they loved it and kept wanting more. I loved this women with all my heart if u didn't get to meet her you lost out. God has picked him a great one this time he will take care of you. Your leaving us all today but you will never be for forgotten. Im going to miss you so much. I want say good by because I know I will see so someday soon. Love you with all the love I have in me right now. You were one of the good one. Florence Walker
